OUR TERMS.

THE SENTINEL is issued every morning (Sunday excepted) at the following rates:

For Daily, per year,	$10 00
" six months,	5 00
" one month,	1 00
" two months,	2 00
Semi-Weekly, per year,	5 00
Weekly, per year,	3 00

Our terms are invariably in advance. Money may be sent us by the Rail Road conductors or the Express Companies.

FOR GOVERNOR,
JONATHAN WORTH,
OF RANDOLPH.

First of July.

On this day, the first of July next, the time for which many of our subscribers to the Daily have paid, will expire. We trust they will all renew in due time. We are contemplating considerable improvements in the *Sentinel*, about that time.

In Arreares.

Many of our friends are in arreares to us for the Daily, sent to them before the 1st of April last. We are waiting on them patiently to remit.

Immigrant Laborers.

To bring the lands of the South under proper cultivation, requires a vast addition of laborers. The liberation of the slaves reduces the quantum of labor in the South one third, if not one half. To supply this deficit, Emigrant Associations have been formed, and efforts are being made to import laborers from Europe. Up to the present time, this effort has only met with partial success. Many of the laborers who have come South have become dissatisfied and have left or changed their employees, and in some instances have sought other labor.

We have heard of but one instance of entire success. Thos. W. Harris, Esq., of Halifax, has some twenty or more German laborers, who have succeeded admirably. But while they are pleased with their work and are much attached to their excellent employer, they are not contented we learn. They are either unmarried men or have left their families. Some of them are farmers, others are not. Cut off from female society, in a strange land, some of them unused to farm labor, it is not surprising that they become discouraged.

In a conversation some weeks ago with an intelligent Virginia gentleman, who had given the subject much attention, he assured us that Emigrant Associations, whose object was simply to supply hands, for which they were paid, should be avoided. The large bulk of European laborers who could be gathered up in the European cities or in New York, he considered worthless as farm laborers. They were generally of the *boothy* class, who had been employed on the public works of Europe, who had been living in tents or booths, and had become entirely demoralized. They were without a home, migratory in their habits, generally intemperate, and unused and unfitted for farm labor.

The true policy he thought was for landed proprietors in the South to offer sufficient inducements to European farmers to remove with their families and settle in communities among us. Such a population would become not only reliable, but would become permanent settlers in the country.

No portion of the globe affords a better prospect for this class of sober industrious farmers, Scotch, Dutch, Swiss or German, than Eastern Carolina. The reduction of the rich swamp lands of the Eastern counties to the skill and industry of this class of laborers would make it, in comparatively a few years, the most prosperous country in the world. It would be a land of Goshen to a good portion of this and foreign countries.

Gov. Worth has issued a Circular to the people of the State, announcing himself a candidate for Governor. His organ, the *Sentinel*, says he has done this "without waiting for the nomination of "cliques, caucusses, or conventions,"—in other words, without any invitation. —*Standard*.

Now does it follow as a fair inference, that because Gov. Worth does not wait to be nominated by "cliques, caucusses or conventions," that *therefore*, he comes forward "without any invitation whatever?" So far from it, Gov. Worth received invitations and assurances of support from gentlemen from all parts of the State. Gov. Holden was invited to run last October by nearly one-half of the "Union Convention." What did it avail?

We believe there has been one meeting at which Gov. Worth has been nominated, and that was in his own County, which voted against him in November last. It is probable that if Mr. Dick's friends had made a vigorous rally, that that gentleman would have been nominated at the meeting referred to, instead of Gov. Worth.—*Standard*.

The above statement in regard to Mr. Dick is made without warrant from the facts. Our information leads us to believe that Mr. Dick could not have obtained twenty votes to run for Governor in opposition to Gov. Worth. If Mr. Dick or his next best friend, Gov. Holden, believe otherwise, either of them can test their strength in the coming election.

Has Gov. Worth thought of that? So far as we are concerned we have uniformly acted on principle. Men should not be considered when principle is at stake.—*Standard*.

Principles are unchangable, but can a man have any principles who is always changing?—Old Lorenzo Dow used to say, that the principles of some men, were like those of some of the professed disciples of the Saviour. They held to *seven* principles, and followed him for the sake of the "five loaves and the two fishes.'

We regret to find the Governor speaking of any law of the land as "distasteful" to our people.—*Standard*.

North Carolina will not adopt or accept the terms proposed by Congress. Her Convention will not stultify her people by such action. We doubt if any Southern State will adopt it.—*Sentinel*.

Who made the *Sentinel* "a judge in Israel?"

The Sentinel speaks for Gov. Worth. Gov. W. will not, in any event, accept the Howard amendment This is of record.—*Standard*.

Now when did the *Sentinel* ever say that it would not "in any event, accept the Howard amendment?" When did it ever say that Gov. Worth would not in any event accept it? This proclivity for garbling, to make an opponent say what he never thought of, has been a characteristic of the *Standard* for twenty odd years, than which there are few things more unfair or more unjustifiable.

We stated that the people of North Carolina will not accept the terms proposed by Congress. What else can it mean, than that if submitted to the people of North Carolina, they would reject it? Does the *Standard* doubt it? But we defy the *Standard* to show an instance either in the *Sentinel* or in Gov. Worth, where either opposed the *execution* of a law or a constitutional amendment after they have been ratified according to the constitutional forms. As true conservatives, how much soever a law or constitutional amendment may be distasteful to us, and however well convinced they are unconstitutional, we submit to them. Yet we claim the right of using all proper means to effect their repeal. Such we regard the Civil Rights bill, the Freedmen's Bureau bill, and the proposed amendments to the Constitution. They put the Constitution in conflict with itself, and introduce totally new, discordant and highly offensive features in the government.

We have repeatedly stated that if Gov. Worth would plant himself squarely and finally on true Union ground, and would shake off the pernicious influences by which he was elected in November last, we would forget the past, and would give him our humble support.—*Standard*.

Gov. Worth has never been planted squarely and firmly upon any other platform, than that of a *Constitutional Union*. Before the war, believing our safety depended on it, he was for a Constitutional Union—during the war, while his anxieties were for his own people, yet he still could not shake off the belief, that our safety and prosperity, were in a Constitutional Union; and since the war, he stands still with Andrew Johnson upon the platform of the Constitutional Union. But as to the support of the *Standard*, that is another question. We have good reason to believe, that Gov. Worth would regard the support of the *Standard* and of the Ex. Prov. Gov. as the most direful calamity which could befal him.

The Washington *Republican* very soundly argues that the natural result of the Radical policy is to throw the Southern people upon themselves and their own resources, for sympathy and for prosperity. The tax on cotton for example, will prompt them to manufacture what they grow, instead of sending it to Lowell.—The *Republican* argues that she will thus be built up into a strong and "dangerous" power. *Richmond Enquirer*.

Policy dictated years ago to the South, that instead of quarrelling with the North about questions, which were then, to a great extent, mere abstractions, we ought earnestly to have gone to work to do our own manufacturing and our own shipping. If necessity does not now drive us to it, we can never be an independent people.

Stay Law.

Judge Howard, chairman of the committee on the Stay Law, has presented a bill, which changes some of the features of the bill passed by the Legislature and is more full and complete. It was very largely discussed in the Convention on yesterday. The impression prevails that the people demand such a bill, and we judge from the indications that Mr. Howard's bill will pass with some modifications.

We believe, there is a better way to meet the difficulties of our people, than any Stay Law can provide for. We shall suggest that method in a day or two.

Basis of Representation.

This question is one of so much interest, we design to publish as soon as we have space, at least one speech on each side, delivered recently in Convention. The most elaborate and thorough investigation, on each side may be preferred. We have placed Mr. Bynum's speech in favor on file, and have the promise of Mr. Conigland's.

RAILROAD ACCIDENT.—An accident occurred on the Danville Railroad on Tuesday last, by the breaking or losing of the coupling by which a passenger train was capsized and a number of passengers severely injured and one or two killed.

The venerable Bishop Early of the M. E. Church, South, was seriously injured, and his life, at one time despaired of, but the telegram it will be seen, speaks encouragingly of his recovery.

Military Trials.

The investigation of Capt. Garoutte's case is still progressing. We have heard none of the particulars.

On the 18th inst. the Commission will set for the investigation of the charges against Gen. Whittlesey and other Bureau officers.

BANK OF CAPE FEAR.—Holders of notes of the Bank of Cape Fear are advised, that they are redeemed promptly in this city, by H. W. Jones, Esq., Cashier. Twenty-five cents in currency per dollar, is the highest price allowed by the Bank.

SENSE.—The Legislature of Rhode Island, in four days of last week, passed 83 acts and resolutions and adjourned. We do not endorse the sensible character of all the acts and resolutions, but the dispatch of business.

STATE CONVENTION.

ADJOURNED SESSION.

THURSDAY, June 14, 1866.

The Convention was called to order by the President at 9 o'clock.

After the reading of the Journal, Mr. Satterthwaite was called to the chair by the President.

Mr. Faulkner introduced a series of resolutions providing for holding the elections of Governor and members of the General Assembly in October next, so as to allow the Constitution to be previously voted on at the regular election day of August, which passed the first reading.

Mr. Brown presented a petition from a number of citizens of Caswell country, in favor of amnesty for offenses committed during the late war, which was read and referred to the committee on General Amnesty.

Mr. Caldwell, of Burke, moved to suspend the rules in order to take up the resolutions of Mr. Faulkner, in regard to elections, and put them on their second reading.

Considerable discussion arose on the motion, participated in by Messrs. Conigland and Phillips in opposition, and Messrs. Stafbuck, Caldwell, of Burke, Logan and others in favor.

The question was put and did not prevail, ayes 47, nays 45, two-thirds not voting in the affirmative.

Mr. McLaughlin offered a resolution proposing to raise a special committee to inquire in regard to certain bonds and other assets used in blockade running during the war, which was ordered to be printed.

(The following gentlemen constitute the Committee of Inquiry raised by a resolution introduced by Mr. Patterson, yesterday, in regard to the distillation of grain into spirits: Messrs. Patterson, Odom, Ward, Henry and Smith of Wilkes.)

Mr. Gilliam introduced an ordinance concerning amnesty, which he gave notice he would offer as an amendment to the ordinance on that subject, reported by the Committee on amnesty, when that subject shall come up for consideration. He asked to have the ordinance printed and it was agreed to.

Mr. McDonald of Chatham, introduced an ordinance to amend the charter of the Chatham Railroad Company, which passed the first reading and was referred to a select Committee of five, on which the Chair appointed Messrs. McDonald, of Chatham, McCorkle, Hodge, Love, of Chatham, and Warren.

Mr. Wright presented a memorial from M. Cronly, and a memorial from Michael Robins, both of which were, on his motion, referred to the committee of Finance, without reading.

The hour of 10 having arrived, the Stay Law reported by Mr. Howard, for the committee, on Tuesday, was taken up as the special order.

Mr. Foy said he had a substitute for the ordinance which he would offer at the proper time, and which he desired to have read now for information.

Consent was given and his ordinance was read. (It contemplates submitting to the people, at the August election, the qnestion of repudiation of all debts, private and public, with certain regulations for restitution in certain cases.

Mr. Howard moved that the ordinance reported by the committee, be considered by sections, and it was agreed to.

Sections 1 and 2 were read and passed without amendment.

Section 3 having been read.

Mr. Moore, of Wake, spoke in opposition to the section and to the ordinance in general.—He took the ground that it was unconstitutional, because it impairs the obligation of contracts; and inexpedient, because it will drive litigation from the State to the Federal Courts, and result in an increase of suits eventually.—He discussed the question on both these views at considerable length, and in a manner which a mere synopsis could not do justice.

Mr. Foy addressed the Convention generally on the stringency of pecuniary affairs and the consequent suffering of the people, and in favor of the ordinance proposed by him.

Mr. Howard advocated the ordinance as the best that could be devised to do justice to the creditor and at the same time give the debtor a chance to pay his liabilities.

Mr. Grissom offered a proviso, requiring sales of real estate under execution to bring a price equal to the assesed value at the time of sale.

Mr. Ferebee defended the amendment, as called for by the condition of affairs, and the destitution caused by losses of property and depreciation of bank stocks.

Mr. Caldwell thought the creditors had some claim to protection as well as debtors, and that widows and orphans were entitled to some redress at law.

Mr. Grissom, by consent, withdrew his amendment.

Mr. Conigland thought that the ordinance ought to be amended so as to put judgment debtors on the same footing with others. He thought that the condition of the times absolutely demanded some measure of relief, and the features of this ordinance are more favorable to both debtor and creditor than any act that has yet been passed for the purpose.

Mr. Walkup offered an amendment to the third section, increasing the several payments.

This amendment was opposed by Mr. Brooks. He did not believe the ordinance, if so amended, would afford the relief demanded.

The question was put and the amendment was rejected.

Section 4 to 14 were read, and some unimportant amendments adopted.

To sec. 14 Mr. McKay, of Harnett, offered an amendment excluding the operation of the ordinance from debts contracted since May 1865.

To which, Mr. Caldwell, of Guilford, offered an amendment, "except for debts contracted for money loaned at a greater rate of interest than six per cent. per annum."

This amendment was rejected, and the question recurring on the amendment of Mr. McKay, of Harnett, it was adopted.

The second reading of the ordinance was continued to sec. 19, and various amendments adopted. During the consideration of the ordinance, Mr. King moved to lay the whole subject on the table, and the motion was not agreed to, yeas 15 nays 76.

At three o'clock the Convention adjourned till the usual hour to-morrow.

Mr. W. R. Hunter,—The Children's Friend.

We received the following note from Mr. Hunter, by a late mail. We observe that a few days ago, he was in attendance at the Indiana State Sunday School Convention at New Albany, and addressed the Convention in a speech which had a happy influence. The friends of Mr. H. will welcome him back:

MESSRS EDITORS.—As some of the Sunday Schools in N. C. are expecting me to attend their Celebrations and Picnics, please state that I intend to return to N. C. by the 15th inst., if possible, and will then take great pleasure in meeting with my little friends of the old North State, if other engagements will permit, and due notice is given to me at Salisbury.

Congress---The Fenians.

The following proceedings were had in the House branch of Congress on the 11th. The designs of the movement is manifest. The President had done his duty in enforcing the neutrality law, and yet the Radicals to make political capital are disposed to censure him:

THE FENIANS.

Mr. Ancona, of Pa., offered the following preamble and resolution:

Whereas, The Irish people, and their brothers and friends in this country, are moved by a patriotic purpose to assert the independence and re-establish the nationality of Ireland; and

Whereas, The active sympathies of the people of the United States are naturally with all men who struggle to achieve such ends, more especially when those engaged therein are the known friends of our Government, as are the people of the Irish race, they have shed their blood in defense of our flag in every battle of every war in which the Republic has been engaged; and

Whereas, The British Government, against which they struggle, is entitled to no other or greater consideration from us as a nation than that demanded by the strict letter of international law, for the reason that, during our late civil war, that Government did in effect, by its conduct, repeal its neutrality laws; and

Whereas, When reparation is demanded for damages to our commerce, resulting from the wilful neglect of Great Britain to enforce the same, she arrogantly denies all responsibility and claims to be the judge in her own cause; and

Whereas, The existence of the Neutrality law of 1818 compels the Executive Department of this Government to discriminate most harshly against those who have ever been, and are now, our friends, in favor of those who have been faithless, not only to the general principles of comity which should exist between friendly States but also to the written law of their own nation on this subject; therefore, be it

Resolved, That the Committee on Foreign Affairs be instructed to report a bill repealing an Act approved April 20, 1818, it being the Neutrality law, under the terms of which the President's proclamation against the Fenians was issued.

Mr. Hale moved to lay the preamble and resolutions upon the table. Mr. Rogers, of New Jersey demanded the yeas and nays upon that motion. Mr. Banks, of Massachusetts, Mr. Wilson, of Iowa, and other members, sought to offer suggestions, and Mr. Ancona, having moved the "previous question," refused to accept of the suggestions. He, however, modified his resolution so as to make it read, that the Committee on Foreign Affairs be instructed to inquire into the expediency of reporting said bill.

The House refused to lay the resolution on the table by a vote of 4 yeas to 113 nays. The yeas were Messrs. Cobb, Davis, Hale and Grinnell.

Mr. Grinnell said that he voted "yea" because he understood the resolution to be a reproof to the Administration. The House refused to second the demand for the "previous question."

Mr. Schenck then offered the following as a substitute for the substitute, and demanded the "previous question."

Resolved, That the President of the United States, in the opinion of the House, should reconsider the policy which has been adopted by him as between the British Government and that potion of Irish people who, in the name of Fenians, are struggling for their independent nationally, and that he be requested to adopt, as nearly as practicable, that exact course of proceeding which was pursued by the Government of Great Britain in the late civil war in this country between the United States and rebels in revolt, recognizing both as lawful belligerents and observing between them a strict neutrality.

Mr. Hading of Ill. sent to the clerks, desk and had read what he desired to submit as a substitute for both propositions, declaring that the course of the Government in repressing the Fenian invasion is ignominious and disgraceful.

Mr. Schenck declined to allow the substitute of Mr. Harding to be offered. Mr. Banks asked Mr. Schenck to yield to a motion to refer the resolution and substitute to the Committee on Foreign affairs, promising that if referred the committee would make a report. Mr. Schenck yielded for that purpose, and Mr. Banks submitted the motion.

The "previous question" was then seconded. Mr. Hale moved to lay the resolution and substitute on the table. The motion was lost by yeas 8, nays 13.

Mr. Hale desired to offer an amendment as a sort of compromise. Mr. Ancona objected, and the question was taken on the reference of the original resolution, and Mr. Schenck's substitute to the Committee on Foreign Affairs, and this was agreed to by yeas, 91; nays 34.

Mr. Hale subsequently, as a personal explanation, sent up and read the resolution which he had wished to offer as a compromise, as follows:

Resolved, That the honor and good faith of the United States imperatively demanded a just and rigorous enforcement of the neutrality laws, and that this House will entertain no proposition looking to their refusal, revision or violation.

THE TEST OATH AT THE SOUTH.—The Secretary of the Treasury is now sending notices to the officers in the South who have been unable or unwilling to take the test oath that they will be required immediately to vacate their several offices. Mr. McCulloch has determined to enforce the law to the letter, and trust to the action of Congress to remedy any evil that may result from the vacation of important revenue offices.—*N. Y. Times*

THE JEWS AND THE CZAR.—The Jews residing in Moscow, moved by a unanimous sentiment of devotedness to the Emperor Alexander, have celebrated in the synagogues a service of thanksgiving on the occasion of the preservation of his Majesty's life, looking on it as a new manifestation of the Divine solicitude for the welfare of Russia.

TRIAL OF MAJOR JOHN H. GEE.

SYNOPSIS OF TESTIMONY.

FIFTY-FOURTH DAY.

TUESDAY, June 11th.

James M. Goodman, 48 years of age, New Orleans.—Was post quartermaster at Salisbury when Major Gee was in command of the prison. I was not under his orders—I judge the first Commissary was not. My orders were to report directly to the Quartermaster General.

I furnished Maj. Gee supplies to the best of my capacity. He came to my office one evening and told me he was in some trouble—that Major Morfitt was disposed to give him trouble, that it was hard to get anything out of him, that he would have to look entirely to me for supplies, though he had no legal right to call upon me.

I heard the prisoners were coming, but had no official notice. Knowing that large supplies of wood, &c., would be made, I wrote to the Quartermaster General and asked to go to Richmond in person and consult with him. Major Gee gave me a pass to go. (Here witness read the letter, dated Nov. 4th, 1864.) I saw the Q. M. General, and he referred me to the officers of the different bureaus. The clothing man said it was impossible to furnish me.

I could not get anything.

I carried a list of what I had to the Q. M. General, and told him there was nothing at all in that country.

Major Gee came to me to see if it was possible to furnish the Federal prisoners with clothing—he was going to write to the head of the Prison Department, east of the Mississippi, and I wrote to Gen. Lawton, and asked him to give me even the upper clothing, and I would get the under clothes. He answered me that the wants of Gen. Lee's army were so great it would have to be denied.

I understood that it was decided in Richmond that it was the duty of the Q. M. General to furnish it. He said he saw my difficulty about getting wood for the prisoners and having clothing for the men, would help out. He urged me to use every means in my power.

Morfit gave me an official copy of his orders. In conversation, he told me that he had orders to build factories and sell supplies (to my department) made in the prison.

The Quartermaster-General ordered me to fill his requisitions to the extent of my power.

Major Gee and I had a conversation about fitting up temporary shelters for the prisoners. He said his idea was to build huts as quickly as possible. I said that there were plenty of logs, and if he would have them cut I would furnish the front wheels of wagons and have them hauled to the prison, and the prisoners could put them up. Major Gee said Morfit was obstinate and would do nothing, and the department sustained him.

Major Gee was persistent in urging me to get straw every day, and sometimes three times a-day. He used to come for trace chains to make well ropes, and after everything in the department, straw, lumber, wood, &c.,—was after wood night and day. He used to be a considerable bother to me. It was always the same answer,—a matter of impossibility to obtain them. This was a daily thing.

I had great difficulty in getting details.—Each department seemed to be working against the others. I was without a desk for several months. I used to have to work at night, did not go to bed till 3:30 A. M.

From March till November I was without money, I got it the last of November.

My transportation was very poor. As fast as I fattened up horses the field transportation man took them away and gave me broken down horses. The transportation was very deficient. I told him what I had to do and gave him a list. He wrote me a letter afterwards and promised to send me all he could—they did send me by instalments.

The W. N. C. R. R. was the only one I could do anything with, I had nothing to do with the N. C. R. R. as it was the "main artery" for troops. I got two special orders from the Quartermaster General to impress trains on the Western road, though I believed they did the best they could. (The report for the month of January 1865, often alluded to in these notes was shown to the witness.) Sixty animals on my reports were in charge of Capt. Bonizer, scattered through the country. Some of them on the report were broken down. There were sometimes ten turned out in the field; they were in such bad order that I gave orders not to haul over 1200 lbs to the waggon. The teams were increased about the time. The January return was the lighest number I had.

The witness was then handed successively several notes from Major Gee to him which he read.

One was about getting a guard from Colonel Hinton, one requesting from him from one to twenty loads of straw, to impress the teams and the straw, to send any distance, that it must be got directly.

The witness stated that the orders sometimes were more urgent than this. The orderly used to be going back and forth all the time. The witness read a note from Maj. Gee that contained an application for wood for the garrison, saying that not a stick of wood has arrived, "the officers and men are abusing me every day of my life," there was also a refusal to consent to the bringing of wood on Saturday for Sunday's use as proposed by Capt. Goodman. The witness stated that he had made that proposition, because his teams were breaking down fast and he wanted them to have rest for one day in the week, that they sometimes stalled in the streets.

Then he read a note in which Maj. Gee wrote that he understood there were 25 buckets in town and that Capt. Goodman was to get them for the prison. I got 16 buckets, impressed them.

He then read a note about getting men detailed, in which Maj. Gee expressed himself anxious to help him, but that he would have to apply to Col. Hinton.

The witness read a letter from his wood Sergeant, W. A. Poe, in regard to the 60 men who were cutting wood.

I got sixteen buckets—impressed them.

Read.—A letter from his wood Sergeant. 60 men cut 50 cords a day. No rations for several days. Men begging about camp. Deserti ns. Trade with prisoners. Asks that they may be kept away. Guard allow the prisoners to straggle and trade when they should be at work.

Endorsement.—Referred to Gen. Johnston, requesting your officers to take charge of this party. Could not get negroes. Wanted a large amount delivered to prepare for another stoppage of the load.

Col. Hoke's endorsement.—That there were only 45 axes and 15 wedges—only 25 axes capable of doing service. Gen. Johnston ordered them to their regiments, but allowed to stay, that Goodman may get ahead.

I would state that the men threw away axes.

Another letter said that the sick in hospital were suffering for wood—to send teams to Morfit's wood pile—signed H. Gee.

Another from himself to Col. Hinton:

Capt. Taylor wants to take his Company and cut.—Endorsement—approved.

Another to Stockton:

Request for 25 men to go and load wood on the train.—Endorsed—"Prisoners will be ready. I have no power to impress the train. J. H. Gee."

Another, Oct. 6th:

I fear that the water is about to give out, get waggons and commence hauling water in barrels at once. Signed J. H. Gee.

Order from Gen. Winder. I received it from Gen. W.'s office.

He came to Salisbury—don't remember the date. Got an official order that all work on the prison was to cease—all contracts, &c. to stop, that the prisoners were to be removed immediately. Think that was in December.

Letter from himself to Lawton. Not one cent since 24th of March.

Endorsed.—About transportation that his clerk refused, Col. Hinton's clerk sustained. "Post Quaartermasters receive their instructions from the Quartermaster General," the post quartermaster at Salisbury is not subject to the orders of the commandant. This was the order from the Adjutant and Inspector General's office.

Letter from Morfitt.—About lumber for headquarters—ready to erect buildings, commenced Oct. 28th. 3 mills now at work. Mills for night work.

I offered him the lumber I had on hand. He got it. He had exclusive control of erecting these buildings. I had one mill furnishing a large amount for me. I continued the orders and gave duplicates of this order to 3 mills.—When ready to be returned, difficulty about trains. Gave him forage for his animals. In a slide in the road they impressed the cars for the Piedmont road. I was only left the wood train. Ran up on Sunday, brought down our lumber train. Morfitt had the lumber to finish one building, except some joists.

This is my letter book, they are correct impressions of my letters.

(Here witness read numerous letters showing the activity and energy with which he performed the duties of his position.)

Hospitals were supplied by waggons. The difficulty was in lack of transportation.

I made official demand upon Gen. Johnston for one man to ride, and was refused, then took one of my own men to ride around and get all the farmers to tell me when there was a suspicion of having any—(reads note in which he requests those men.) My hands were not supplied in rations with any regularity. I have known them to be without two days. Commissary said he had none. I wrote to the Q. M. General about this, there. I would have to leave because I had nothing to feed my men.—Reads a letter from Morfitt to Winder about tools of Martin and Shelton. If both should leave I would be without carpenters' or blacksmith's tools. The post quartermaster will purchase the tools so badly made. Martin failed to sign it. I purchased the tools.

Note.—Lot of refuse lumber for barracks—requisition by Morfit—I send it.

Note from Morfitt.—10 large heating stoves for barracks. I made a requisition on Pierce; they were never received.

Note from Morfitt.—I shall require six cords for baking at prison. Let Morfitt have 688 cords in December for the prisoners alone.

Report of teams, 157 impressed—20 teams a day impressed in December, January and February.

I tried to get mills to work at night. But I couldn't get hands.

Maj. Chisman had Manney's mill, the largest in the county. Could'nt impress the lumber of a rank officer.

One time Maj. Gee was very urgent about straw, he told me to take a guard and get the straw at once, he said to seize waggons in the streets and unload them, it was to haul wood. The Quartermaster General removed me at my own request. I had three difficulties with Gen. Johnson in which I was sustained by the Secretary of War. I wrote and asked to be relieved. Telegram from the Quartermaster General read by witness. Maj. Gee often came up at night.

All I did for Maj. Gee was outside of my official duties. Quartermaster General said he was going to send a prison Quartermaster to be between me and the prisoners.

Stoves for hospital letter from Surgeon General—I paid for the stoves.

To Gen. Winder I reported 39 waggons necessary for prison and 10 or 15 for post duty.—They never furnished me the amount.

Outside the hospitals, I furnished 712 cords to prisoners alone.

Maj. Gee's anxiety to supply the prison, I should judge to be great, he was annoying.

FIFTY-FIFTH DAY.

WEDNESDAY MORNING, June 12.

Captain Goodman, Cross Examined.—(Referring to list of contracts examined by Captain Pierce.) That is correct, some of that lumber was delivered, about 100,000 feet from Brickhouse's mill turned over to Major Morfit in Dec. and Jan. These contracts, except one, were filled, and the lumber at the mills. Lumber from Marony's mill went to Greensboro. On Dec. 14th I made requisition for a quantity of articles indispensible for hospital. 8 heater stoves, greatly needed, two cooking stoves, two cauldrons, 60 gallons each, four kettles, 25 gallons each, for washing, cleansing clothes, &c., 2 horse wagon wanted, 50 spit boxes, one office table, 260 feet shelving for dispensary, 750 feet partition, been calling for them for 6 months, excuses are useless, also requisition for ten loads of wheat straw. The stables were completed, animals had quarters and I tore down the old stables and started new ones while the prisoners were there. I made requisition on Major Pierce and on Richmond. I received very few from Major Pierce and complained to Major Gee. He said he would relieve him.

General Winder approved my contracts and requistions, but said all must be suspended as he was going to remove the prisoners. After that as fast as I got lumber I sent it to Major Morfit.

Axes were very scarce, sent to Columbia, and paid $35 for them. General Martin did not send me any. I used to make old axes over, though not enough to supply all.

Lack of transportation was the great difficulty about getting wood.

Morfitt's sergeant said he had 40 cords in the yard. Shortly after, Morfitt came down and said there was none.

I had the train every day in the week, to haul one load, except on Saturdays and Sundays.

Re-Direct.—It was necessary to keep some wood on hand, on account of trouble with the men. Have heard Maj. Gee often complain of scarcity of wood for the prisoners. He was scarcely in his office. In Dr. Curry's letter, I judge he alluded to the sufferings of sick Confederate soldiers. Morfitt had wood at night on hand over and above the issues of the day.

(Witness read an act relative to prisoners of war, in general orders.)

To Court.—If a Quartermaster issued more than regulation allowance, it would have required a special requisition to clear his papers. One for the guard was made upon me. If the huts had been made it would have saved me much wood hauling. I think it was feasible. Morfit would not go back from his first plan.

Congress.

WASHINGTON, June 13.

SENATE.—Mr. Doolittle called up a resolution offered by him on yesterday, requesting the President to communicate to the Senate any information in his possession relative to the departure of Austrian troops from Mexico. He said he had reasons to believe that the above would bring information of a very satisfactory character, and felt confident that Mexico was about to be evacuated by French troops. The resolution was adopted.

The Legislative appropriation bill was considered.

HOUSE.—The House proceeded to the consideration of the Constitutional amendment as referred from the Reconstruction Committee, which was heretofore passed by the House, and was amended by the Senate, referring to basis of representation, Confederate debt, &c. Stevens proposed to debate the subject for a short time, speeches being limited each to fifteen minutes.

Stevens closed the debate by saying that the amendments were not such as he desired, as they did not recognize the right of black men to vote. He, however, trusted that something would be done on this subject in the future legislature. He took occasion to stigmatise the President as a usurper in undertaking to establish civil governments in the seceding States. Under his demand for the previous question, the House concurred in the Senate amendments by a vote of 120 to 32. The Speaker therefore announced the joint resolution passed.

Several gentlemen announced the reasons for the absence of their colleagues who, they said, if present, would have voted for the propositions. Mr. Eldridge, as a take off upon these gentlemen said, that if Messrs. Brooks and Vorhees had not been unseated they would have voted against the proposition. (Laughter.)—Mr. Schenck retorted by saying, he had no doubt if Jeff. Davis was a member of the House he too would have voted against the amendment. (Laughter on Republican side.) The vote consolidated Republicans of every shade including Smith, of Ky., Raymond, of N. Y., and Whaley and Lathrop, of West Virginia.—The negative being composed wholly of decided Democrats.

The proposed constitutional amendments will now be submitted to the Legislatures of the several States for their action.

Stevens proposed a substitute for the pending bill reported by the Reconstruction committee, to enable the States lately in rebellion to regain their privileges in the Union. The material point in the substitute is the admission of Tennessee with her Senators and Representatives, but she is hereafter to be excluded, unless before the 1st of January next, she extend the right of suffrage impartially to every class, besides ratifying the constitutional amendments to which reference is made above.

Gens. Steedman and Fullerton's Report of South Carolina and Florida.

WASHINGTON, June 13.

Gens. Steedman and Fullerton have furnished to the Secretary of War their report of operations of the Freedmen's Bureau in the Military Department of South Carolina and Florida. They highly commend Gen. Scott, Assistant Commissioner of South Carolina, for the wise policy that pervades his system of governing and feeding the Freedmen. They recommend the discontinuance of the employment of citizens in the Bureau and instance several cases of the evil of the Agents being interested in working plantations. Finally, they recommend that the Sea Island lands, given to the negroes by Gen. Sherman's order, be returned to their owners, provided they pay the Freedmen for all improvements that the latter have made, while in possession of the property.

A NEW AND GRAND EPOCH IN MEDICINE!

DR. MAGGIEL is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that **Maggiel's Bilious, Dyspeptic and Diarrhea Pills** cure where all others fail. While for Burns, Scalds, Chilblains, Cuts and all abrasions of the skin **Maggiel's Salve** is infallible. Sold by J. MAGGIEL, 43 Fulton Street, New York, and all Druggists, at 25 cts. per box. Sold by all Druggists in Raleigh.

Ayer's Sarsaparilla

IS a concentrated extract of the choice root, so combined with other sub tances as to afford the greatest alterative power as well as to afford an effectual antidote for diseases. Sarsaparilla is reputed to cure. Such a remedy as our country has long required by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove, as it is, a blessing of immense value to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.

Syphilis or Venereal Disease is expelled from the system by the use of this Sarsaparilla, and the patient is left in comparative health.

Female Diseases are caused by Scrofula in the blood and are often cured by this Extract of Sarsaparilla.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not. When you have used Ayer's—then, and not till then, will you know the virtues of Sarsaparilla. For minor particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the agents below named will furnish gratis to all who call for it.

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering and invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state.—To the young and mid aged they will prove most invaluable, as a ready, specific and curative medicine, for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

An Eternal Spring!

It was left for this day and hour to realize the dream, and show in one glorious fact, that magic that made it fair.

THESE FAMOUS REMEDIES

Cannot stay the flight of years, but they can force back and hold aloof diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity the offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS,

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil!

PROSPECTUS.

BALTIMORE EPISCOPAL METHODIST.

The Baltimore Episcopal Methodist will be issued in this city the first of next month. Its publication will be under the mangement of the Rev. JOHN POISAL, Dr. THOMAS E. BOND and REV. S. S. ROSZEL, Editors. The "Episcopal Methodist," of Richmond, Virginia, having been transferred to Baltimore, Bishop Doggett and Rev. J. E. Edwards will continue their services as Editoral correspondents. Rev. C. K. Marshall, D. D., General Agent. The best talent of the Southern Church will be employed upon its columns. The publisher has the pleasure to announce that contributions may be expected from Bishop Pierce of Georgia, Bishop Marvin of Texas, Bishop McTyeir of Alabama, Bishop Wightman of South Carolina, Dr. Summers of Nashville, Dr. Marshall of Mississippi, Dr. Hoston of Kentucky, and others.

The contributions of some of the most eminent men of other denominations will also enrich its columns: Rev. Dr. Palmer of New Orleans, Dr. Burgett, of Mobile, Dr. Bullock of Baltimore, Prof. McGuffy of the University of Virginia, Rev. Peyton Harrison, and others.

It is designed to make the paper the great organ of the Episcopal Methodist Church, yet in no partizan sense will it be denominational. The General Conference which recently met at New Orleans, and the whole people of the South concede to Baltimore a name and prestige as the proper place for its publication. No pains or expense will be spared to make it a first-class Journal and a welcome visiter to every Christian household. The names of the gentlemen who will have the Editorial management of the paper, and the corps of able coadjutors associated with them are the best pledge to its patrons, that they will find the Episcopal Methodist in its spirit and teaching, the advocate of conservative principles and a bulwark of defense against the dangerous tendencies of the times.

We deem it proper to assure our friends, that the salutary measures of reform, which were adopted by the late General Conference, meet the cordial approval of the conductors of this paper. As it will represent every State and Conference in the South, it will afford the best advertising medium in all our business and social relations. It invites a renewal in a stronger form of those commercial and fraternal ties which must bind Baltimore and the South more closely together.

This important organ of communication between our respective communities, will be published regularly once a week, on fine paper, large type and quarto size at $4.00 per annum, or $2.00 for six months, invariably in advance.

Office of publication, 332 W. Baltimore Street, Selby & Dulaney, where subscriptions and advertisements may be left; also at the Banking House of Wm. T. Smithson & Co., 2224 Baltimore St. Wm. Devries & Co., 312 Baltimore St.; J. W. Bruff & Co., 245 Baltimore St.; Hopkins, Harden & Kemp, 336 Baltimore St.; Charles Hoffman, 377 W. Baltimore St.; Banking House, Thomas & Co., 176 W. Baltimore St.; Drug Store, Dr. J. L. Gibbons, corner Eutaw and M. H. Waite's Book Store, 158 Baltimore St. All the members of the Southern General Conference are authorized Agents. The preachers of the several annual Conferences and [illegible] are requested to act as agents for this paper.

WHITE SULPHUR AND CHALYBEATE SPRINGS.

THE UNDERSIGNED has the satisfaction of announcing to the public, that he has leased these celebrated Springs, and that they will be opened for the reception of visitors on the first day of June ensuing.

His arrangements are of that complete and extensive character, that he will be able to accommodate a large number of guests and to offer greater attractions than usual to those who may visit

This pleasant and healthful resort.

No trouble or expense will Be spared to render his patrons comfortable and satisfied.

The grounds are elegantly laid off, and the buildings are enlarged and emproved.

He will have ICE, MILK, VEGETABLES, and all the substantials and delicacies of the table in profusion.

The bar will be supplied with the finest liquors, and a billiard saloon and bowling alley, for amusement and exercise, be at the disposal of visitors.

The Medicinal Properties

Of the Sulphur water have been amply tested during many years by a large number of visitors, and its beneficial results strikingly displayed in the cure or relief of

Dyspepsia, Affections of the Liver, Jaundice, Diseases of the Skin, &c.

Another Spring has been discovered in the vicinity of the establishment, an accurate scientific analysis of which [given below] proves that it is a valuable *Chalybeate*. It is a mild and gentle tonic, and in the opinion of the physicians who have examined it, and witnessed its effects in some cases during several seasons, must prove beneficial in *Atonic Dyspepsia, Chlorosis, Uterine, Nervous and Neuralgic Affections connected with Debility*; and of especial service to persons living in malarious regions of country, whose blood has been robbed of its normal proportion of iron by repeated attacks of malarial fevers.

Persons travelling on the Raleigh and Gaston Railroad will always find a line of stages, under the management of Mr. Granger, ready for their accommodation at Warrenton Depot. There will be a daily mail from Warrenton to the Springs.

COTTON GINS,

MANUFACTURED BY

W. G. CLEMONS, BROWN & CO.,

COLUMBUS, GA.

WE have received the manufacture of Cotton Gins in this city, and will be prepared to fill orders by 1st June next. As we shall not be, as heretofore, represented by traveling agents, parties wishing our Gins, will confer a favor by sending in their orders at an early day. As owing to the demand, we shall be unable to keep a stock in the hands of our local agents, as it was our practice before the war. All business transactions being now reduced to *cash*, our sales will be made on the basis of *ready pay*.

Our Gins are too well known to require any special notice or commendation; we believe they are unrivalled in the chief points of excellence which go to make up a superior machine, namely: *Speed light draught and good sample*.

Our DOUBLE CYLINDER GINS will be found superior to the single cylinder, when parties have steam or good water power, to give them the necessary speed. In all cases when this can be done, we recommend them in preference to the single cylinder. If, however, a different or *insufficient* power is used, they will not do as well as the single Gin.

Messrs. DeROSSET & CO., Wilmington, N. C., are our general agents for the State of North Carolina.

W. G CLEMONS, BROWN & CO.

Columbus Ga., April 14 '66.

We will give prompt attention to orders for the above celebrated Gins from any part of the State. The price is five dollars (5) per Saw at the Factory, and five dollars for each Gin will only be charged to purchasers for transportation to this point.
